July 6 - Village of Rycroft Municipal Accountability Program Review

Merry Pioneers gave us a cheque in June for \$250 for 'Hall Use Appreciation funds', recognizing that there are still expenses to them being there.

The Sewer Lift Station was commissioned on June 23 and everything is operational. We will see if there are any issues as we work with the new electronics and will address anything that comes up at the final inspection. The supply of the exhaust fan is delayed until about July 5. We will do the HVAC commissioning and final inspection at the same time and will hopefully have a substantial completion by the end of the first week of July.
