

Chief Administrative Officer Report March 9, 2022

February 9 to March 1 – CAO vacation

March 3 – Council Meeting

March 9 and 10 – Doyle and Company Financial Auditors here

March 9 – Chief Medical Officer of Health Update

March 10 – Affordable Housing Needs Assessment webinar; CP Emergency Management Agency Meeting

The next Council meeting was moved to March 30 to accommodate our participation on the LGAA conference in Red Deer. Peter, Lisa, and Tanis will attend this training and networking opportunity.

We did look into the Alberta Municipal Wastewater Grant Program and found that ineligible projects include work on water distribution and/or sewage collection systems; ruling out our sewer line project. We plan to use MSI funding to pay for that capital project.

We applied to Municipal Affairs to use MSI funds towards the 8M Reservoir berm repair project in 2021 (\$23,000), the sewer main line and manhole rehabilitation project in 2022 (\$250,000), and the Water treatment plant roof replacement in 2022 (\$55,000).
