Chief Administrative Officer Report
July 28, 2022

July 15 to 24 – Vacation
July 26 – Tax Sale Day; Rycroft Water Central Peace Water Supply Mtg
July 28 – Central Peace Regional Emergency Management Meeting
July 29 – G5 CAO Meeting
August 3 – Council Meeting

As the majority of Council is planning on attending the Alberta Municipalities convention September 21 to 23, and there is a regular Council meeting scheduled for September 20, Council should motion to change the meeting date to September 19, in order to have September 20 as a travel day.

The Air Conditioning Unit/Furnace has stopped working in the Hall. Reynolds Plumbing tells us that *all air conditioning components need to be changed as they do not make R-22 & R-22 equipment anymore*. Both units have been ordered and will be updated. $6,500 for the a/c unit and similar for the furnace half. Both have lasted their expected lifespans.

There were no bidders at the July 26 Tax Sale day for the single property at 4732 - 51 street. We've contacted the owner, and have secured the property.
