Reminder: It's time to renew your FCM membership

Dear Peter Thomas:

As the national voice of local governments, the **Federation of Canadian Municipalities** has been instrumental in supporting our cities and communities across the country, securing the help they need to grow their economies and improve the quality of life of their residents.

To ensure municipal priorities are front and centre, we need to speak in a strong united voice. By working together, we can go further and continue to empower local leaders with new tools to build safer, more resilient and inclusive communities.

Be part of that voice and please renew your FCM membership before it expires on on March 31. You'll find your membership invoice in your [FCM portal](#). *

An FCM membership is a valuable investment in your community—one that offers tangible results and [exclusive benefits](#).

Not only are we *stronger* together, we also *go further*.

Sincerely,

-Your FCM team

PS: To learn more on how becoming an FCM member makes your community stronger, visit fcm.ca/membership.
