AR111312

His Worship James Verquin
Mayor
Village of Rycroft
PO Box 360
Rycroft AB T0H 3A0

Dear Mayor Verquin and Council:

Thank you for the Village of Rycroft's email of March 22, 2023, providing the 2023 action and capital plan updates on the village's viability review directives 3a and 3b under Ministerial Order MSL: 055/2018.

I am glad to learn, since completion of the Village of Rycroft's viability review in 2018, the village has considered and acted on the 61 recommendations from the 2017 Village of Rycroft Viability Plan, that it has completed capital projects totalling \$2.16 million, and plans additional capital projects totalling \$4.977 million in the next five years.

I am pleased to advise you the village's 2023 response satisfies the requirements of the directives. Furthermore, with this submission, the village is fully compliant with Ministerial Order MSL:055/18 and no further updates are required.

I congratulate the village on the successful completion of the viability directives issued at the conclusion of the viability review in 2018, and thank you for the sustained cooperation from village council and administration over these past five years.

I wish the Village of Rycroft continued success for many years to come.

Sincerely,

Rebecca Schulz
Minister
