

## Chief Administrative Officer Report October 13, 2023

October 4 – LGAA Regional Mtg in GP

October 11 - Pembina Emergency Management Engagement

October 13 – Met with Aquatera

We are still investigating the solution for the Water Treatment Plant fire pump, as when we tested the new PRV and newly installed pressure set module, 3 tests failed to reduce the pressure the fire pump makes to safe levels. Testing was shut down until further investigation can be done.

Asphalt was paced on the roads last week as the paving project is progressing.

Lisa and I attended a Pembina Emergency Management Engagement to learn about their disaster preparedness plan.

The Town of Spirit River CAO and I met with Aquatera to review their model and role in the management of the neighbouring water utility for the purpose of .
