

## CAO

---

Hi Peter,  
Yes please, go ahead. Thank you so much for help.  
We really appreciate your efforts and support.

Best Regards,  
Qaiser

**Subject:** RE: Alberta Rural Renewal Stream

Hi Qaiser. So as I said before the Rural Renewal Stream program requires resources that we do not possess. Specifically, everyone who has been approved has a dedicated staff member to manage the program. Neither the MD of Spirit River, the Town, or Village has the resources to support that position. However I have made contact with the County of Grande Prairie, who has included Wembley, Sexsmith, and Beaverlodge under their application, and they are willing to try adopt us also.

So if you agree with this I'll put your request below on the next Council agenda October 17 and see if Council will support the application to include us under the County of GP terms.

**Subject:** Alberta Rural Renewal Stream

Good Day, Peter,  
As we discussed yesterday, about the Alberta Rural Renewal Stream program.  
We need support from the Village of Rycroft regarding hiring foreign workers. Since we open the business back in 2017 it's been very challenging for us to recruit staff for our business because of the small community. As you know there are not many people around for work.  
I would request you make some efforts to add the Village of Rycroft to the Alberta Rural Renewal Stream Program. This will help us to solve the staffing issue.

*Thank You*
