Village of Rycroft
Request for Decision
Council Meeting Date: May 20, 2025

TOPIC: Disestablishment of the Central Peace Regional Waste Commission.

RECOMMENDED ACTION: That Council approve the disestablishment of the Central Peace Regional Waste Commission and direct administration to convey this motion to the Commission's partners.

BACKGROUND: At the AGM for the CP Regional Waste Commission on April 28, 2025. One of the items of business was a discussion related to disestablishment of the CP Regional Waste Commission due to the lack of activity and the fact there is no plan to construct a landfill in the future. Each municipality utilizes solutions that involve contracted services or their own current landfills. Rycroft contract their waste to the Clairmont landfill in the County of GP.

The MGA under section 602.09 Bylaws now requires each board to pass bylaws which require clauses to establish a process for disestablishment of the commission, including the treatment of assets and liabilities on disestablishment. The Commission adopted the following motions:
1. That administration draft a Bylaw for disestablishment and any others that are recommended by the lawyer.
2. That each member go back to their Municipality to see if there is any concerns with disestablishment of the Central Peace Regional Waste Commission.
There no longer appears to be a need to maintain the CP Regional Waste Commission for landfill management concerns as most assets have been transferred to the municipalities. Currently the Commission has $8,522 in cash and annual audit expenses of approximately $2,500.

FINANCIAL IMPLICATIONS: None.
POLICY AND/OR LEGISLATIVE IMPLICATIONS: *MGA Sections 602.09*.
ALTERNATIVE OPTIONS:
1. That Council approve the disestablishment of the Central Peace Regional Waste Commission and direct administration to convey this motion to the Commission's partners.
2. Council could accept the request for information.
