What are your organization's current major funding sources and when will this support expire? The major funding sources are from donations, grants and sale of plots.

What are your organization's current financial assets? Current assets are \$18,353.

Project Title Mowing Greenway Cemetery

Project Duration Spring/Summer Approximately 5 months.

Project Dates May through September

Grant Request \$500

Total Project Budget \$2000

Additional Sources of Funding The association will put in the rest of the money that is derived from plot sales and donations.

To help with the annual mowing costs of the cemetery.

Please tell us a bit about your organization's history, mission, and scope.

Greenway Cemetery was established in 1916 to provide a service and resting place for residents of the Rycroft area. The Board and members' goal is to maintain the cemetery in visually appealing ways, part of which is regular mowing. This entails mowing between headstones, as well as the larger area.

What are your organization's most significant accomplishments in the past three to five years?

The Bylaws have been rewritten and filed with Alberta Registries. New headstone markers have been installed. Sunken grave covers are being lifted and filled in with dirt. Grass has been seeded in areas that are in need. This is ongoing with workbees held this summer. Old documents have been looked at and many have been archived at Centre 2000.

Does your organization have any major partnerships or alliances with any other organization(s) in the field?

We work closely with Peace Country Memorials.

Please describe the benefit your project will provide to the Village of Rycroft.

We provide an essential service that Village residents have relied on for over a century and we want to keep the cemetery looking very attractive and a source of pride when people visit.

Please describe specifically what you aim to accomplish with your project.

Keep the aesthetic quality high and maintain the cemetery.

Please describe the main activities/outputs and timeline of your project.

Mowing takes place in the summer months with frequency dependent on how quickly the grass grows.

Who will be primarily responsible for working on this project? Please explain how they are suited to this task e.g. educational background and/or workplace experience.

We hire individuals with appropriate mowing equipment who have performed the work for several years and are familiar with what is required.
