Re: Traffic Safety Signage Consideration

Dear Mayor Verquin and Village of Rycroft Council;

Thank you for reviewing our proposal regarding the potential joint funding and installation of traffic safety signage along our regional corridors. We appreciate the time and consideration your Council and administration dedicated to reviewing this initiative.

While we are disappointed to learn that Rycroft is unable to participate or contribute financially to this project at this time, we fully understand and respect the budget constraints and competing financial priorities that municipalities must navigate.

We will continue to keep your administration informed of implementation schedules or traffic flow considerations that may impact shared roadways during installation.

We greatly value our ongoing relationship with the Village of Rycroft, and look forward to partnering on future regional projects and shared initiatives.

Thank you once again for your consideration.

Sincerely,

Tony van Rootselaar,
Reeve, Municipal District of Spirit River No. 133
